PRESIDENT HARDING TO BREAK GROUND FOR ROGER WILLIAMS MEMORIAL

Architect's drawing of the National Baptist Memorial to Roger Williams and Religious Liberty, which is to be erected at 16th street and Columbia road.

JEW TO KEEP PASSOVER.

Observance of Week Will Begin
This Evening.

Passover, commemorating the biblical epoch of the liberation of the Israelites from Egyptian bondage, and symbolizing Israel's faith in the supremacy of the God of right and freedom over might and tyranny, will be celebrated by Jews throughout the world for the week beginning this evening.

Special services will be held in all the local synagogues this evening at 6:30 o'clock and tomorrow and Sunday.

PRESIDENT TO ASSIST IN BAPTIST EXERCISES

Ground to Be Broken Saturday for
Memorial to Leader in Religious Liberty.

Ground will be broken by President Harding for the National Baptist Memorial to Roger Williams and religious liberty tomorrow afternoon at 2:30 o'clock at 16th street and Columbia road.

The site, a part of which is now occupied by the Immanuel Baptist Church, was, a year ago, with special exercises, dedicated "to God and religious liberty," when the Southern Baptist convention was in session in this city.

The campaign for the erection of the memorial was started four years ago by the joint action of the Northern and Southern Baptists, numbering more than seven million members, and is expected to cost about \$500,000. The plan is for a beautiful colonial-classic structure to be connected with the present building, with a statue of Roger Williams in front of the corner tower. Egerton Swartwout of New York is the architect, and W. P. Lipscomb & Co. are the builders. Work of erection of the building is to begin at once.

The exercises Saturday are to open with a musical program and addresses by national committee members. President Harding is expected to arrive about 4:30 o'clock and formally break ground.

Among the prominent guests invited are Oscar S. Straus of New York, Architect Egerton Swartwout, Ambrose Swasey of Cleveland, President Emory W. Hunt of Bucknell University, Pennsylvania; Dr. E. D. Gray of Atlanta and Emil Berliner and others of this city. Dr. E. B. Jackson of Alexandria, as chairman of the national building committee, will preside.

MOTION PICTURE SHOW TO AID PLAYGROUNDS

Harry Crandall Comes to Rescue of
Children With Performances
in Knickerbocker Tomorrow.

With no funds available with which school authorities can make the needed improvements and provide additional equipment for the school playgrounds, Harry Crandall, head of the chain of Crandall motion picture theaters in Washington, has decided to come to the aid of the children. At the Knickerbocker Theater at 19:30 o'clock tomorrow morning a special show will be presented under the direction of Manager Robert Ellis, the entire profits from which will be turned over to the school authorities to be used in purchasing equipment and improving the school playgrounds of the Mount Pleasant and Columbia Heights sections.

In addition to carefully selected pictures, there will be a performance of Johnny Reb's marionettes. The feature picture, "Polly of the Circus," starring Mae Marsh, will be supplemented by several comedy films. If this show is a success, Mr. Crandall has planned to run similar ones at his other theaters for the benefit of the school playgrounds in their respective communities.

The special performance tomorrow has been given the approval of Supt. of Schools Frank W. Ballou and other officials. More than 5,000 circulars announcing the show were distributed throughout the school system yesterday by Frank J. Sobotka, president of the Parent-Teacher Association of the Junior High School, and the supervising principals of the several divisions.

A Bit About Wallis Silver

TO ye tavern of earlie Englande, the guests brought their own knives and forks. Table silver furnished by mine host was unthought of then. At WALLIS', the table silver glistens invitingly; its cleanliness proclaims the spotlessness of the kitchens notable afar for food surpassingly delicious. Our silver, glass and china are all sterilized; our utensils revel in live steam and no towel or hand contacts them. These modern methods mean much finer fare and lower price for you at

Sewing Made a Pleasure

Think of having no bobbins to wind!

One of the pleasures of this machine is that it has no bobbins to run out and require winding. And there are no tensions to regulate. Once you know the joy of using this new, finely built, silent, portable, Electric Automatic sewing machine, you will regard sewing as a delight. It makes a stitch as strong as three threads. Why not come in and see it running, or let us send one to your home for a free demonstration? You can buy it on easy payments.
